To order a rug that is not Tuftex, select the Orders tab and click **Cut A Rug**.

The screenshot shows the Shaw Industries Group website interface. At the top, there is a header with the Shaw logo, a welcome message for Carlene West, and navigation links: Home, Documents, Contact Us, Logout. Below the header is a main navigation bar with tabs: Orders, Coupon Redemption, Direct Ship, Price/Product Specs, Statements/PayOnline, Claims, Administration, Resources, and My Account. The 'Orders' tab is selected, and a dropdown menu is open, showing options: Check Stock, Place Order, Shaw On The Shelf, View Order Status, Will Call Express, Order Samples, My Favorites, View Reservations, Promotional Goods, Cut-A-Rug, HardSurface, TruckLoad, and HSTL Freight Rate. Red arrows point to the 'Orders' tab and the 'Cut-A-Rug' option. The main content area is divided into three sections: 'Orders', 'Pending Invoices By Due date', and 'Freight Rate'. The 'Orders' section contains a table with columns: Ref#, Date, PO, and Status. The 'Pending Invoices By Due date' section contains a table with columns: Invoice, Due Date, PO, and Amt. The 'Freight Rate' section contains a form with fields for Ship To, Or Zip, Style, FOB, and Quantity, and a 'Get Freight Rate' button. The footer contains links for About Shaw Online, Contact, Terms and Conditions, Area Rug Terms and Conditions, and Hard Surface Min Adv Price Policy, along with a copyright notice for Shaw Industries Group, Inc., a Berkshire Hathaway Company.

SHAPE, EDGE & BACKING

Shape – Choose Rectangle, Square, Round, or Oval.

Edge – Choose Bind or Serge. Binding is the same durable edge finish used on the carpet display samples. Serging wraps yarn around the edge of the rug in one continuous strand. In both binding and serging, the color is chosen to match the dominant color in the carpet.

Backing – Choose Standard or Black Felt. Standard backing is the same backing as the carpet. Black Felt is a secondary backing that may be used to cover seams of custom-made border rugs.

EXTRA MATERIAL

10

Area rugs are cut from broadloom carpet that is typically 12' wide. Depending on the rug size desired and the orientation, there may be extra material.

For questions, contact your Shaw Territory Manager or the Shaw Cut-A-Rug Department at 800-922-0633.

There are **3 options** for extra material.

1

Order another rug(s) using the same style & color and only be charged for fabrication and delivery on the additional rug(s).

- Rug size(s) cannot exceed the total amount of extra material available.
- Rug size(s) from extra material may not be exact because the primary rug is processed first.
- Rug(s) from extra material must have the same binding as the primary rug.
- Rug(s) from extra material will be rolled and shipped with the primary rug.

Custom Rug Calculator™										
Style	Color	Shape	Edge	Backing	Width Feet	Width Inches	Length Feet	Length Inches	Price

Promotional Code: Field is finished rug size Total: \$228.53

2

Request in Special Instructions that the extra material be sent with the rug.
Extra material will be rolled and shipped unbound with the primary rug.

City: State/Province:

Zip: Country:

Sidemark:

Special Instructions:

3

If no alternate instructions are given, the extra material will be recycled.

PATTERN ORIENTATION

12

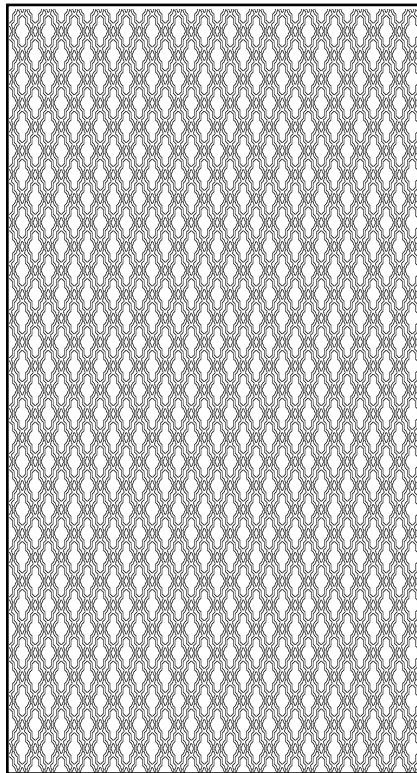

Some carpets have a pattern shape or scale that makes them look different when viewed in the vertical (or machine) direction versus the horizontal (or cross machine) direction.

Carpet display samples are oriented such that the length of the sample represents the vertical or machine direction and the width of the sample represents the horizontal or cross machine direction (see above right).

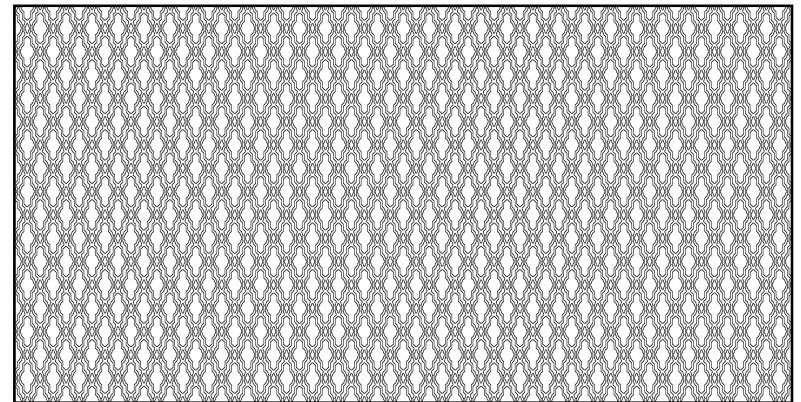

You control the pattern orientation in the rug by specifying the width and length desired.

The width entered (up to 12') will be cut across the width of the carpet.

The length entered (up to 36') will be cut along the length of the carpet.

12' wide Carpet
8' wide x 12' long Rug
Pattern runs along the length of the rug.

12' wide Carpet
12' wide x 8' long Rug
Pattern runs along the width of the rug.

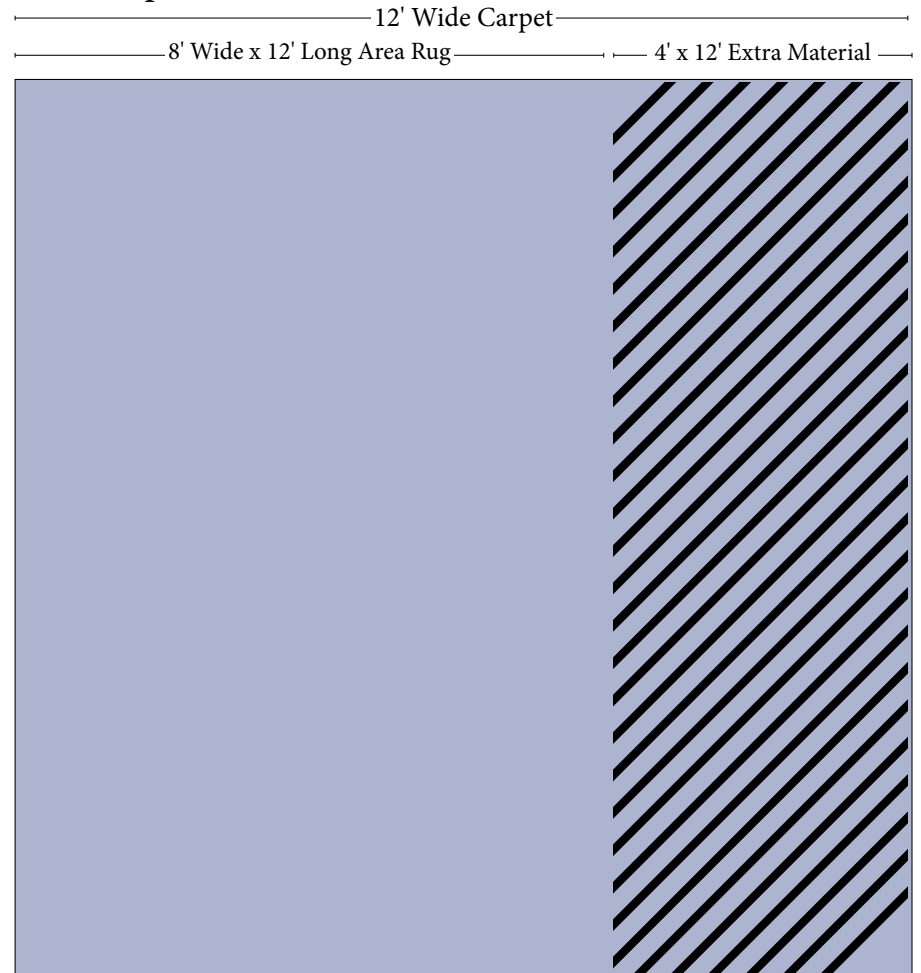

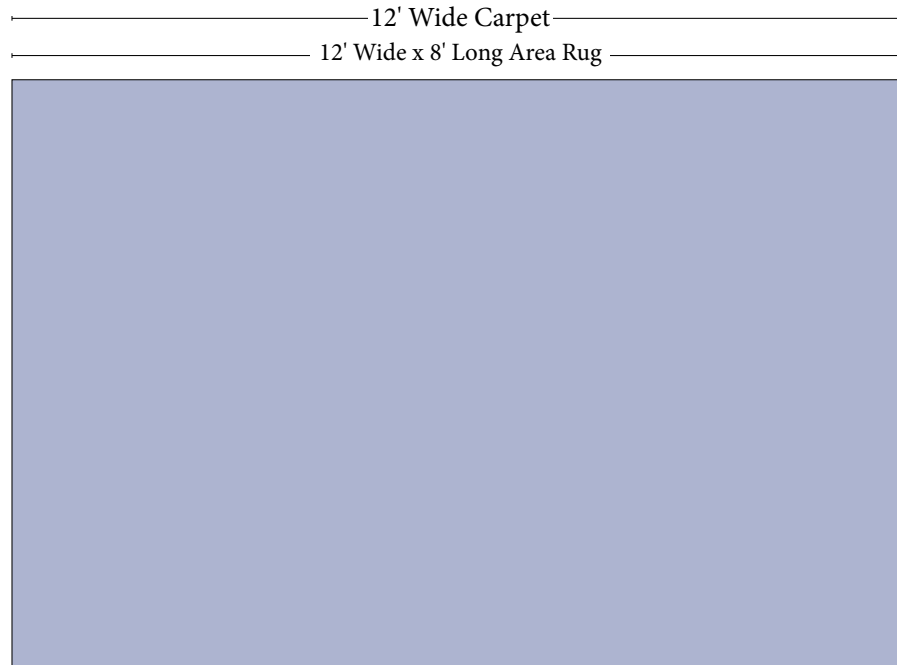

MATERIAL UTILIZATION

Area Rugs are cut from broadloom carpet that is typically 12' wide.

You control material utilization by specifying the width and length desired.

- The width entered (up to 12') will be cut across the width of the carpet.
- The length entered (up to 36') will be cut along the length of the carpet.

If the carpet has no pattern, or if pattern orientation is not important, please refer to these examples when entering your order to reduce or eliminate extra material and help lower your cost.

Summary

- To place a Cut-A-Rug order, go to **ShawOnline** and use your dealer ID and password.
- Remember to identify the Cut-A-Rug elements precisely and give instructions about extra material.
- For questions or more information contact us at **800-922-0633**
